

CTK YOUNG CHURCH SOCIAL MEDIA POLICY

While social media can provide opportunities for relational ministry, it is also important to navigate this world wisely. To protect both our volunteers and our teens, CTKYC has developed the following policy for Core and teen social media interaction. The policy is in accord with the archdiocese policy (which is posted on our website).

- We encourage all teens and parents to follow our CTK Young Church Instagram account for updates on and pictures from events and spiritual reflections! @CTKYoungChurch
- CTK Young Church will not tag any teens in pictures and will only use teens' first name if referencing them in a photo.
- Teens and youth ministers are not permitted to follow or be friends via personal accounts on **Facebook, Snap Chat, Instagram** or other social media platforms.
- Teens and core member volunteers are not permitted to be friends on **Facebook, Snap Chat, Instagram** or other social media platforms.
