

## **2024: How do we continuously invite God into [redacted] and find real joy – even if it's messy?**

***“Growing closer to God by letting Him grow in us, and gaining courage and understanding one step after another”***

Many Christians go through the day in their work environment seeking to walk with Christ and let the Holy Spirit guide all their work decisions. With the pressures of the work environment and a focus on making a profit, this can often be challenging.

BELIEVES is a once-a-month speaker series ministry the **second Tuesday of each month from 7:30-8:30 AM held either via Zoom or In-Person in the “Ministry Offices” at Christ the King Cathedral in Buckhead (2699 Peachtree)** to promote dialogue around integrating faith in the work life for both business men and business women.

Discerning God's voice may not always be clear. When going through the 2024 BELIEVES season discernment process, multiple participants independently mentioned Father Gallagher's book, “The Discernment of Spirits,” which they found impactful with a focus on Discerning God's voice to make decisions. So, we mention it here, if it should be of interest to be aware of.
