

A LEGACY OF FAITH A VISION FOR OUR CENTURY

For nearly 90 years, the Cathedral of Christ the King has served as the spiritual heart of the Archdiocese of Atlanta. Built during the Great Depression through the extraordinary sacrifice of founding families, our campus stands as a witness to redemption, transformed from land once held by the Ku Klux Klan into sacred ground where all are welcomed in the name of Christ.

Today, we are called to be the stewards of that legacy. As the Cathedral for the Archdiocese of Atlanta and a vibrant parish family, our calling remains constant: to form disciples, welcome the seeker, and serve our neighbors with compassion.

YOUR VOICE MATTERS

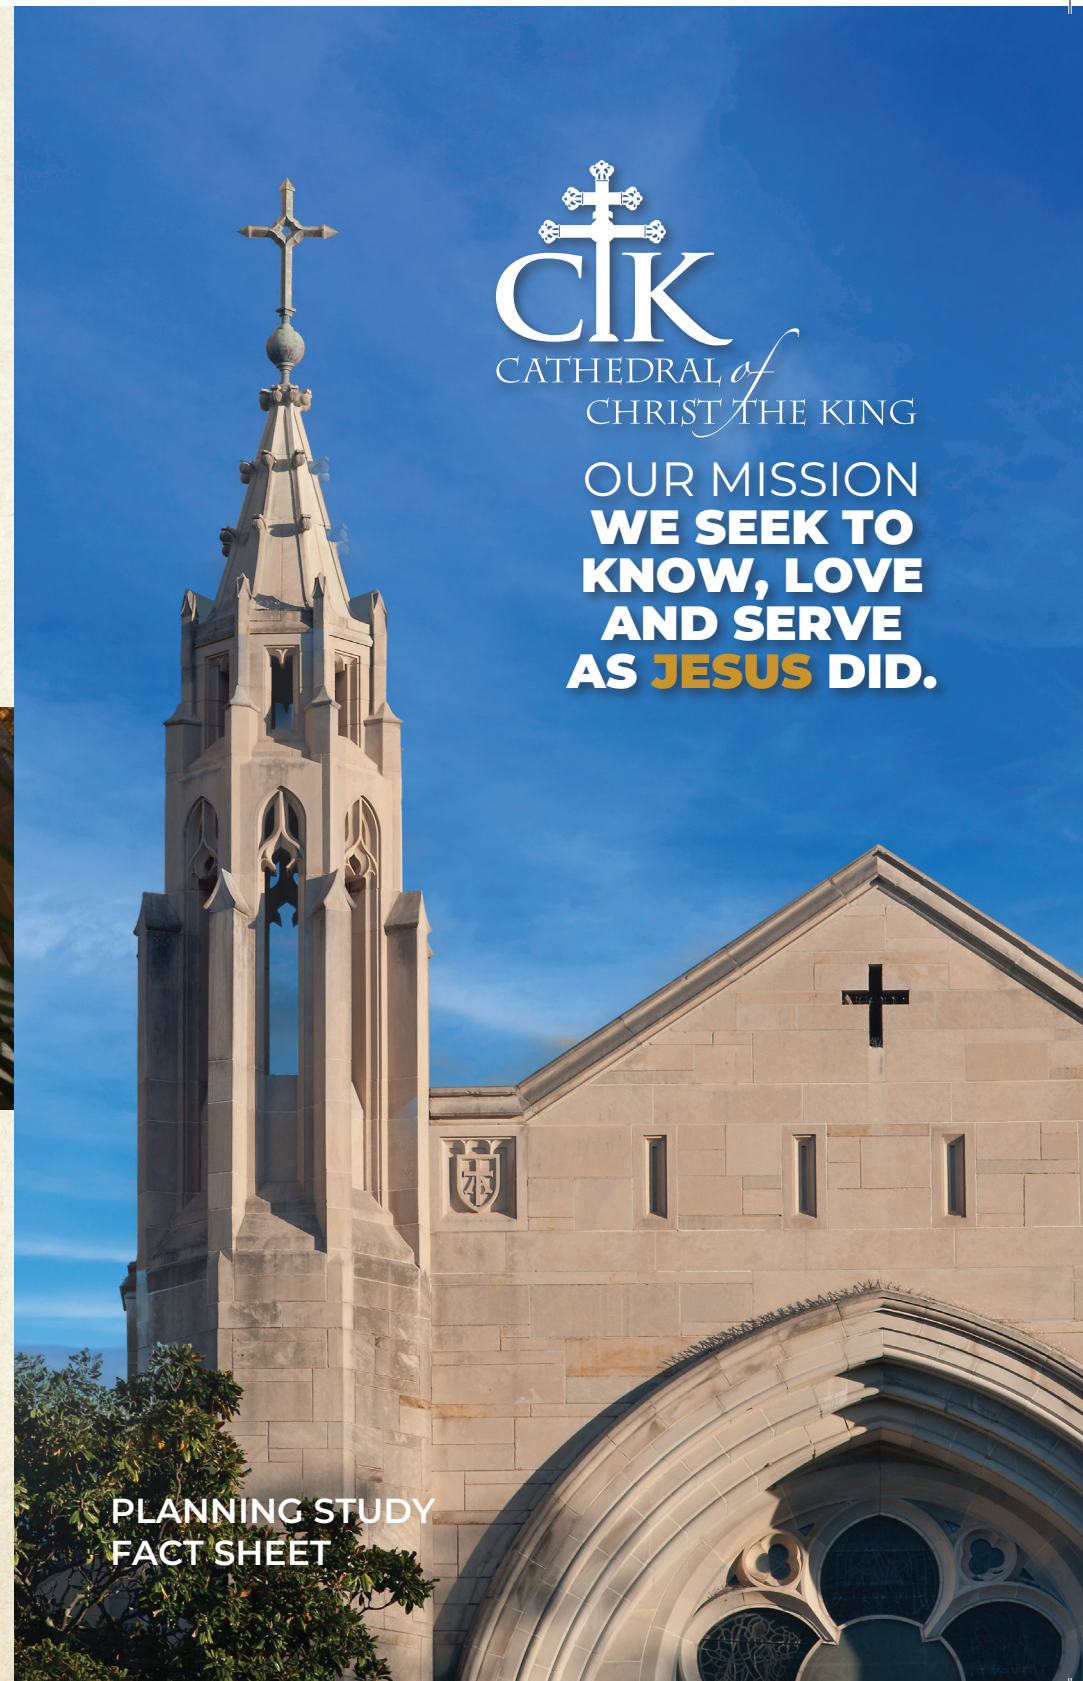

Every generation of Cathedral of Christ the King has been entrusted with preparing this parish for those who would come after them. **Today, that responsibility belongs to us.**

We invite you to share your honest thoughts, hopes, and priorities during this discernment phase. Pray with us for the guidance of the Holy Spirit as our parish family discerns God's will for our future.

OUR CURRENT CHALLENGE

God has blessed our parish with extraordinary growth, but our facilities were built for a smaller congregation. Today, more than **7,500 registered families**, dozens of parish ministries, and thousands of weekly visitors share a six-acre campus operating beyond its intended capacity.

Our challenge is not a lack of vision. It is a lack of space:

- **MINISTRIES COMPETE:** Bible studies, service projects and school activities struggle to find available rooms. Ministries should not have to compete with each other.
- **RESTRICTED ACCESS TO PRAYER:** Demand for Eucharistic Adoration far exceeds the capacity of our small chapel. No one should be turned away when they seek the Blessed Sacrament.
- **SACRAMENTAL SCHEDULING CONFLICTS:** Smaller sacred gatherings such as weekday funerals, intimate weddings, and baptisms, must compete for time in the main Cathedral, as the d'Youville chapel is not available during the weekdays. This creates scheduling conflicts and unnecessary operational complexity.
- **LITURGICAL BOTTLENECKS:** Our bishops, priests, and altar servers have to spread out across two buildings and three spaces to prepare for liturgies. We need a single, functional space where the sacred vessels and books are stored and where the clergy and assisting ministers can prayerfully prepare before liturgical celebrations.
- **BARRIERS TO WORSHIP:** Insufficient parking and difficult campus connections create significant friction for families, seniors, and visitors who want to participate fully in parish life.

OUR VISION: INVESTING IN MISSION

After years of prayerful discernment, facility assessments, and consultation with our Finance Council and architects, parish leadership has updated our master plan. Every project we propose is designed not merely to add square footage, but to expand our capacity for ministry, worship, and evangelization for decades to come.

1 | NEW MULTIPURPOSE MINISTRY BUILDING & SACRED SPACES | *Estimated Investment: \$85 Million*

A proposed three-story building at the corner of Peachtree Road and East Wesley Road to replace outgrown ministry offices and seamlessly connect our campus facilities. Key elements include:

- **EXPANDED PERPETUAL ADORATION CHAPEL:** A beautiful, spacious chapel that ensures a peaceful space for silent prayer and personal devotion.
- **DAY CHAPEL:** A dedicated, mid-sized sacred space designed specifically for funerals, weddings, baptisms, quinceaneras and concerts, providing an intimate worship setting while preserving the main Cathedral for major liturgies.
- **SACRED COLUMBARIUM:** Over 3,400 niches offering a permanent resting place on Cathedral grounds, allowing generations of parishioners to remain spiritually connected to their parish home and families a place to remember their loved ones.
- **UPGRADED SACRISTY & VESTING SPACES:** Functional, dignified spaces for clergy, altar servers, and liturgical volunteers to properly prepare for all Cathedral liturgies.
- **EXPANDED MINISTRY & GATHERING SPACES:** Flexible meeting rooms for ministries and optimized office spaces for staff will reduce friction between ministries and provide space for growth. An outdoor terrace adjoining Kenny Hall will expand capacity of our primary meeting space.

2 | PARKING EXPANSION *Estimated Investment: \$7 Million*

Adding a fourth level to our existing parking structure to create **111 new spaces**, making it easier for more families, seniors, and visitors to participate in Sunday Mass and parish events. Construction would require a seven month closure of the parking deck, during which street and off-campus parking would be the primary options.

3 | ROOTED IN CHRIST – GROWING IN FAITH ARCHDIOCESAN CAMPAIGN | *\$9.2 Million*

As the mother church of the Archdiocese, our parish participates in supporting the broader Church across North Georgia, investing in seminarian education, priest retirement support, parish grants in mission communities, and Catholic Charities outreach.
